SOCIAL EVENTS:

SIGHTSEEING NIS (BUS TOUR):

THE TOWER-THE MEDIAN SIGHTSEEING PROGRAM which would include a visit to the archaeological National Museum of Nis, Skull Tower, which is a unique monument in the world, and a visit to the archaeological site of Mediana, which is located on the old Roman road Via Militaris, and today.

SKULL TOWER-NIS-A unique monument of the liberation wars in Serbia. Once outside of the village, next to Constantinople Road, and now the Boulevard of the Revolution-in the Nis. Skull Tower was built from the skulls of dead Serbians the battle near Nis- Čegar, 31st May 1809th year. Built in the late summer of that year, at the initiative of cruel Hursid Pascha, the commander of Nis, later Grand Vizier.

MEDIANA ANCIENT SITE-Located on Niš-Niška Banja. This archaeological evidence of the wealth and splendor of imperial Naissus. Discovered the remains of the royal palace with peristyle, luxury villas with mosaic floors, sacred objects (baptistery-pelvis), with outbuildings pits, water tanks, the remains of fortresses and other buildings that testify to the culture and wealth of the reign Naisa Emperor Constantine.
